

During this uncertain time,
We ask that NJ's Educators,
Guidance Counselors, School
Nurses & Social Workers
Continue to be vigilant.

#bridgethegap

While families social distance, Many
children are at-risk for child abuse.
Please call and check on the families
you know may be struggling. Give
students a safe word to use if they're
afraid. Try to get 'eyes on' every child
at least once a week.

Everyone in NJ is a mandated reporter.
Call **1-877-652-2873** to report suspected
abuse or neglect.
