The Trump administration and its allies in Congress have attacked working families and our unions at every turn. They have gutted OHSA, public education, and infrastructure spending. They have stacked the courts, weakened Social Security, attacked workers' rights and union rights, and they support right-to-work. We need to make an extra effort to ensure that we nominate candidates who will place the needs of working families first. Another four years of a Trump presidency will be disastrous. This year's elections will be the most consequential in our lifetime!

Due to social distancing required to fight this pandemic, elections as we know them have changed. Last month, all New Jersey non-partisan municipal elections were conducted exclusively by mail. The July 7 primary election will be a vote-by-mail hybrid in which we expect 90% of votes to be cast in the weeks leading up to Election Day. As of today, nobody knows what voting procedures will be utilized for the Nov. 3, 2020, general election.

To meet this challenge, the New Jersey State AFL-CIO has created a cutting-edge program called CODE-U (Committee on Digital Empowerment – Union) to provide coordinated messaging for affiliates to use on their social media networks. The concept is simple: We provide sample messages for use by affiliates, everyone follows a simple weekly schedule, and together we will create a massive online political education echo chamber. Here's how the weekly schedule goes: Monday – eMail, Tuesday – Text, Wednesday – Website, Thursday – Tweet, Friday – Facebook. These weekly messages will focus on the "How To" of voting as well as candidates' records on issues important to working families and our unions.

Attached please find sample CODE-U messaging for the week of June 1, 2020. Union members appreciate factual political education information from their union. We encourage you, under your signature and union banner, to broadly share, send, text, tweet and post on your union's social media pages through this planned and coordinated initiative. Please contact John Shea, COPE Director at [cope@njaflcio.org](mailto:cope@njaflcio.org) or (609)989-8730 with any questions.

This is the most important election in our lifetime. Working together, the voice of working families will be heard on Election Day!
