

CODE-U Messaging for Use 8/2/2020 and Afterward

Trump is No Friend of Workers ... or Our Social Safety Net

Trump and his gang in the Senate let the coronavirus unemployment insurance subsidy expire. The replacement they cooked up is \$200 weekly, not the \$600 a week that kept working families fed and housed during the pandemic layoff.

Trump says he'll protect Social Security for everyone, but his budget tells a different story: The budget slashes funding for Medicaid, Medicare and Social Security, which means benefits for retirees and people in need are being slashed, too.

Trump's anti-worker, anti-retiree budget also chops billions-with-a-B from prescription drugs under Medicare while giving massive tax breaks to his millionaire friends and big corporations.
