# ANALILIA MEJIA

## Will Fight for Working Families

Analilia Mejia is the daughter of a union worker and started her career as a union organizer. She has worked on campaigns fighting for higher wages and paid sick leave, and has served in the Department of Labor to help protect workers.

### **BRINGING DOWN COSTS FOR WORKING FAMILIES.**

Mejia knows higher prices have made getting by tougher for everyone. She will work to bring down utility bills, make child care more affordable, and help families with everyday items like food and gas. She will work to make health care more affordable and accessible for all. (Candidate website, accessed 3/24/26)

### **DEFENDING WORKERS' RIGHTS.**

Mejia thinks every worker has the right to a union and will defend workers' rights in Congress—including those of public sector workers—and will oppose President Trump's attempts to take away those rights. Mejia also supports workers through "Buy America" provisions and investing in American manufacturing. (Candidate website, accessed 3/24/26)

### **INVESTING IN ROADS, BRIDGES AND PUBLIC TRANSIT.**

Mejia supports investments to improve our roads, bridges and public transportation, as well as prevailing wage and project labor agreements. She will fight to restore the Gateway Tunnel funding that President Trump illegally froze and will support Davis-Bacon requirements on federal projects. (Candidate website, accessed 3/24/26)
